

1st Annual Conference 2018

The Current Usage of Nanotherapeutics & Biodrugs

...emerging therapy for tomorrow

Date

12 Dec. to 13 Dec. 2018

Venue

**International Islamic
University Islamabad**

Organized By

Dr. Sobia Tabassum

Associate Professor
Department of Biological Sciences
International Islamic University
Islamabad

Facebook: Current Usage of Nanotherapeutics & Biodrugs

Keynote Speakers

- **Prof. Dr. Masoom Yasinzai**
Rector
Int. Islamic University, Islamabad
- **Dr. Rehana Rehman (MBBS)**
Agha Khan University, Karachi
- **Dr. Abida Raza**
NILOP, Islamabad
- **Dr. Malik Hassan Mehmood**
GCU, Faisalabad
- **Dr. Farhan Ul Haq Subhani (MBBS)**
Bolan Medical College, Quetta
- **Dr. Muhammad Ismail**
(IBGE) KRL Hospital, Islamabad
- **Dr. Tariq Mahmood**
University of Central Punjab (UCP),
Lahore
- **Dr. M. Farrukh Nisar**
COMSATS University Lahore

This conference is aiming to share the innovations, and technologies in the field of nano-medicine and natural products and to discuss important international breakthroughs in this field.

Nanotherapeutics & Biodrugs are nano-sized therapeutics or medically important biotechnological/biological products. These may include vaccines, chemotherapeutics, allergens, somatic cell gene therapies, & recombinant therapeutic.

OUTCOMES

- ✓ The participants will meet renowned scientists & experts in area of nano-technology & biodrugs from best institutions of Pakistan.
- ✓ The participants will get familiar with the advanced techniques in targeted biodrugs synthesis.
- ✓ All Participants will be awarded with certificates

Registration / Abstract Submission

Last Date: **02. Dec.2018**

Register at: <https://www.ntpbiodrugs.info>

Early Bird Registration (before 10-Nov-18)

For Students=Rs. 300/-

For Teachers/speaker= Rs. 500/-

After 10-Nov-18

For Students=Rs. 500/-

For Teachers/speaker= Rs. 1000/-
