Application

I received an application form/printed out an application form from the website, now what do I do?

Before beginning to fill out the application form, it is imperative that you read the application in its entirety as well

as the instructions that accompany it. The instructions provide specific information about completing certain points of the application. Be sure to fully complete the application form. If a section does not apply to you, please write "Not Applicable".

Should referees send our reference letters directly to USEFP, or can they be sent with our application form?
