| 1     | Postdoctoral Research Associate (PDRA)   | 01              | 1. PhD in Electrical / Electronic Engineering / Materials Science / Materials Engineering / Physics / Chemistry from a recognized/accredited institution.  
2. Please refer to the TORS below. | 1 year and 5 months |

**TORs for the post of Postdoctoral Research Associate (PDRA), CAEPE**

**Specialization**

Organic electronics, Organic Chemistry, Synthesis of flexible materials including polymers and 2D materials, Device Fabrication and Characterization

**Knowledge/Skills**

i. Proven ability in the required specialized area in form of high-quality papers and/or patents.

ii. Strong Knowledge base and hands-on capabilities using diverse research grade machines.

**General Instructions**

i. The eligible candidates may be required to undergo short-listing process before test/interview.

ii. Applicants lacking prescribed criteria and required qualification on the closing date will not be entertained (required terminal degree must be completed on closing date). Foreign degree holders shall be required to submit equivalence of the degree from HEC.

iii. No TA/DA is admissible for Test/Interview.

**Note:** Errors and Omissions excepted.
