

Engr. Muhammad Asif

Department of Mechanical Engineering
Faculty of Engineering & Technology
International Islamic University, Islamabad

Phone: 051-9019775

Fax: 051-9258025

Email: masif@iiu.edu.pk

Experience

1. International Islamic University, Islamabad (Lecturer, January 2011 to Date)
2. HITEC University, Taxila, Cant. (Lecturer, September 2010 to 2011)
3. Packages Ltd, Lahore (Project Engineer, January 2006 to August 2008)

Education

1. MS Mechanical Engineering, Hanyang University, South Korea (2008-2010)
2. B.Sc. Mechanical Engineering, UET Lahore (2002-2006)
3. F.Sc BISE Lahore (1999-2001)
4. Matriculation, BISE Lahore (1997-1999)

Honors & Awards

1. Selected as HEC Scholar to pursue MS studies from South Korea
2. I got first position in Intermediate and Matriculation examination

Publications

1. “Numerical study on design parameters of CO₂ absorber column using a rate based dynamic model” published at 7th international conference on heat transfer, fluid dynamics and thermodynamics (HEFAT 2010) held in Antalya Turkey.
2. “A study on heat and mass transfer of CO₂ stripping process in randomly packed column” published in Korean Journal of BK21 2010.
