OBJECTIVE OF COURSE

- The message of the Quran is addressed to the entire human kind in Arabic language. Almighty Allah says: ***“We have sent it down as an Arabic Quran that you may understand” (12:2)***. Every verse in the Holy Quran that was revealed to Prophet Muhammad (PBUH) in Arabic some 1500 years ago is a specimen of eloquence. The appreciation of the beauty of the Quranic language could be gained through perfect understanding of Arabic. For a Muslim, it is not just eloquence or the beauty of the language that matters. He or she would like to go deeper into its meaning because it is the message that one wishes to imbibe in life. The knowledge of Arabic would help the students in better understanding the Quran.
- The course is especially designed for the learning of the language of the Quran. All the examples to be used for explaining Arabic grammar will be taken straight from the Holy Quran.
- This approach will help a beginner to enter the World of Quran directly. Two volumes will be taught in two semesters and students will be encouraged to study the third volume at their own with the help of supporting material available on internet then they will understand 85% of the Quran. In this era, this is a great Award from Allah.
