INTRODUCTION

The Faculty of Engineering and Technology (FET) was established in year 2007 with Department of Electronic Engineering as its first constituent department. Later Department of Mechanical Engineering started working as the second constituent department of FET in January 2010. The present Faculty of Engineering and Technology is one of the largest Faculties within the Islamic University with a BS, MS & Ph D programs and present population of engineering is over 1200. This includes 200 female students. The syllabus is continually under development and review, in line with the requirements of various professional bodies (Higher Education Commission and Pakistan Engineering Council) that accredit our programs.

SCHEDULE/ LIST OF EVENTS

1. MAIN EVENT:

The Main Event will take place at the Electronics and Mechanical Department at Male Campus and at Electronics Department of Female Campus Simultaneously. The projects of male and female students will be displayed in their respective campuses

2. Student R&D Projects and

Demonstrations:

The Projects Of Final year Students of the Department of Electronic and Mechanical Engineering will be presented. This show will help students to seek their carriers in the industry or pursue for the higher studies. The Faculty Members will also display their commercial and research Work/Projects in the Open House.

3. Industrial Stalls and Commercial

Products Display:

Our esteemed guests/visitors from the Electronic Engineering Industry/Organizations are welcome to put up their stalls for new/developments and commercial products for exhibition. They can market their products on the occasion as well give technical demonstrations to the visitors. They will be provided space and help for this purpose on "first come first serve basis".

4. Faculty Of Engineering and Technology (FET) Tour

A guided tour of the Open House our students R&D projects as well as industrial products exhibition stalls and Department of Electronic Engineering, will be conducted for the visitors/guests by the Members of the Organizing Committee. All the guests will be received at the DEE entry door and program leaflets/information will be given to the participants.

5. Opportunity to meet with Experts from the Industry and Academia

From Industries/Organizations, Scholars from Academia and students will be presented during this occasion to exchange ideas, discuss issues, mark future course of
