

Microsoft Office 365 session and office 365 Activation

In order to promote a healthy culture of the use of licensed software across the higher education sector, HEC has renewed the education alliance agreement with Microsoft for 2018-2019 for all public and private sector universities/institutes recognized by HEC.

The main objective of the above is to deliver programmes which provide faculty, students and staff benefits such as access to office 365 resources, latest Microsoft software products/technologies, training & workshops, opportunity to participate in global technology competition, staff technical training and other global Microsoft programmes. Another objective of this agreement is to provide centralized advanced IT services to universities/institutes across Pakistan while maintaining the highest level of standards.

For the above purpose, as desired by the HEC following training sessions are arranged at the IIUI after consultation with the concerned quarters:-
